

# BendBroadband Community Wi-Fi

BendBroadband Wi-Fi delivers the Internet to selected hotspots within Bend, Redmond and Sisters. The service works with Wi-Fi industry standards and the set-up process is quick and easy.

.....  
To get started, simply select "BendBroadband" from the network window and click "connect." You then have two options to access the service.

**Option 1:** If you are a BendBroadband Internet subscriber, Wi-Fi access is free. Just enter your BendBroadband.com (or BendCable.com) email address and password and you'll be logged into the network at no charge. If you've forgotten your email address or password, or you need to request a new address, please go to <https://secure.bendbroadband.com/email/> or call us at 541.382.5551.

**Option 2:** If you're visiting or you're not a BendBroadband Internet subscriber, you can still access the Wi-Fi service by entering a secure credit card payment on the BendBroadband login page that you'll see when you open your web browser. Once authorized, the unlimited Wi-Fi connection is ready to use at any of the hotspots in Bend, Redmond, or Sisters for the allotted time you purchase.

For details on hotspot locations, just go to our website.

## Pricing

Free – For current BendBroadband Internet Customers

\$5.95 per day or \$19.95 per week – For non-customers
